Daphne Swilling (Peregrini International Ministries)
David & Vera Pedlow (Northern Ireland)

(* Sat. 7:00 p.m. - free open session)

Over a thousand years ago God breathed through a young captive slave igniting flames of renewal in a dark pagan land. Journey back in time to the fifth century Ireland and the world of Patrick to reclaim that anointing and allow the Spirit to light Revival Fires within you.

Kevin & Rosemary Sambrook

Kevin and Rosemary Sambrook founded Rhema Restoration Ministries in 1997. The ministry is committed to the passionate pursuit of God's manifest presence on earth through the liberating power of the Holy Spirit upon individuals, regions and nations. They have been involved in key reconciliation initiatives in Ireland and the USA; they serve on the European boards of two major American ministries. Kevin is a member of the International Coalition of Apostles. They co-pastor Covenant Love Church in Belfast, Northern Ireland – a country that has witnessed tremendous violence, yet is in the process of recovering its spiritual roots.

Mike McClung

Mike is the senior pastor of Lionheart Fellowship, the Director of Lionheart ACTS, and the Director of the International House of Prayer - Knoxville. Mike's mission is to unveil the knowledge of God in order that transforming grace will be released to bring reformation to the church and to rebuild, restore, and advance the kingdom of God. Mike has a heart and passion for Ireland, and also has been involved in Native American reconciliation initiatives and forums, and Apostolic and Prophetic Summits both in the U.S. and abroad.

Andy Rogers

Andy Rogers has been leading worship throughout Ireland and internationally for the last 18 years. As worship leader/songwriter his style has been labelled as 'Ethno-Celt' and tends to be a mix of various ethnic sounds fused with his contemporary musical sensibilities. An artist on EMI/Kingsway Music's original 'New Celts' album (along with Robin Mark, Brian Houston & Joanne Hogg) and more recently on 'Engage24'.
